“KIDDY” CATS - Cat applique in kids prints on white background

Requirements - 1 - 9 ½ inch square of white tone on tone background fabric
1 - bright “kids print” for cat, small contrasting piece for heart

Cut cat pattern from print fabric, applique to background using your favourite technique - i.e. Fusible web with hand or machine applique stitches OR hand applique (**if using turn-under technique but sure to add ¼ inch seam allowance to applique pattern**).

Embellish the cat, if you wish, using your imagination as your guide - i.e. Embroider eyes, nose and whiskers or add button eyes, add a collar....it's your choice.
